The Precisionists, Inc. announces pilot program with HCA Healthcare to tap talents of neurodiverse workers

Nashville, TN (April 24, 2023) –[The Precisionists, Inc.](#) (TPI), a Wilmington, Delaware-based organization focused on employment for adults with disabilities, is launching a neurodiversity employment program that will provide business support services as part of a pilot program at Nashville-based HCA Healthcare. The program will leverage the talents of a team of neurodiverse adults from TPI’s workforce to work in HCA Healthcare’s Information Technology Group (ITG).

“When properly assessed and trained, people with autism and other neurodiversities are extremely high-performing employees. TPI’s employees bring innovative approaches to performing critical and challenging jobs such as administrative business and IT functions,” said Ernie Dianastasis, CEO of The Precisionists. “When you consider that more than 80% of autistic adults in the U.S. are either unemployed or underemployed, we are making a true difference in engaging a significant, untapped labor force. We are thrilled to partner with HCA Healthcare, a leading healthcare provider and an employer committed to advancing diversity, equity and inclusion. This exciting collaboration with HCA Healthcare will continue to accelerate TPI’s growth and momentum in Nashville and the surrounding communities.”

Individuals taking part in the pilot program will be identified, assessed, trained and employed by The Precisionists. They will be performing a variety of support functions for HCA Healthcare’s ITG to include data analysis and data entry. While supporting HCA Healthcare, TPI consultants will also receive ongoing direction, training, and support from their TPI project leader.

“We have a variety of Information Technology roles that support our mission to care for and improve human life,” said Marty Paslick, chief information officer for HCA Healthcare. “We look forward to working with TPI and their neurodiverse employees through this collaboration.”

Candidates interested in exploring employment opportunities as a part of this program should contact The Precisionists’ talent acquisition team by emailing inquiries to careers@theprecisionists.com.

About HCA Healthcare

At HCA Healthcare, we are driven by a single mission: Above all else, we are committed to the care and improvement of human life. Founded in 1968, HCA Healthcare was one of the nation's first hospital companies. Today, we are one of the nation's leading providers of healthcare services, comprising more than 2,300 sites of care, including 182 hospitals, surgery centers, freestanding ERs, urgent care centers and physician clinics, in 20 states and the United Kingdom. Approximately 32 million patient encounters take place at HCA Healthcare facilities every year. With approximately more than 283,000 colleagues driven by one purpose—to give patients healthier tomorrows—we are excited about the future of medicine and believe we are uniquely positioned to play a leading role in the transformation of clinical care.
